## UNMEB

## Uganda Nurses And Midwives Examination Board

### 'Uphold Examination Standards'

## FOREWORD

**Helen Mukakarisa Kataratambi**  
**Executive Secretary, UNMEB**

The Seventh Edition of Uganda Nurses and Midwives Examination Board's (UNMEB) Newsletter presents the progress and priorities of the next six months ending in August 2018.

Secretariat activities will still be driven by the MOES theme for 2017 "Quality and relevant education for social economic transformation".

We shall rise to meet the challenges and demands of the evolving assessment environment given the national focus to the increased need to skill all Ugandans, increase employability and support economic growth.

UNMEB constantly seeks for better ways to deliver our mandate. The IT innovations have continued to facilitate speed and accuracy while policies and guidelines have been reviewed to capture experiences and lessons.

Secretariat has been responsive to the critical need to influence positive atti-

tude of Nurses and Midwives in the clinical area. We have deliberately strengthened the acquisition and assessment of soft skills by all student Nurses and Midwives in Uganda through proposed amendments in Curricula and assessment syllabus.

We continued to harness synergies with stakeholder institutions by undertaking a participatory approach which brings on board a wealth of experience as we mentor the young examiners into future assessment leaders. These collaborative alliances will continue to provide UNMEB with greater capacity, creativity and practical solutions in assessment.

I thank the Ministry of Education and Sports (MOES), BTVET Department, Ministry of Health, UNMC, Training hospitals and Uganda Police Force for the timely support accorded to the Board. I also commend the contributions made by Board Members and all other stakeholders in their capacities. I will continue to better and move UNMEB from a good to great Examination Board.

**"TO LOVE AND SERVE"**

**Helen Mukakarisa Kataratambi**  
**EXECUTIVE SECRETARY, UNMEB**

MANDATORY FEES

I express gratitude to all our readers. The year of 2018 marks the onset of a semester system assessment of Nurses and Midwives in Uganda. The Board shall explore broadly into this reform and optimize strategic arrangements geared towards improvement of the assessment function of Nurses and Midwives in Uganda.

I acknowledge that my service highly relies on all other UNMEB Board members. I sincerely thank you for the contributions to UNMEB success. We appreciate the Secretariat staff for integrating new energy into UNMEB management processes which has brought UNMEB to a new stage of harmonious realization of our goals.

The duty to ensure quality is collective. I therefore call upon all the stakeholders to continue supporting the Board so as ensure full optimization of results.  
**To Love and Serve"**

## UNMEB PROFILE

### Establishment & Mandate

Uganda Nurses and Midwives Examinations Board (UNMEB) is a semi-autonomous Government body that was established in December 2005 by Ministry of Education and Sports (MoES) with a cardinal objective of streamlining, regulating and coordinating examinations and awards for Nurses and Midwives in Uganda

### POLICY AND LEGAL FRAMEWORK

The BTVET Act (2008) gives the legal basis for the existence of UNMEB. It clearly spells out that the core mandate of UNMEB is to manage and administer examinations and award certificates to qualified Nurses and Midwives in Uganda. UNMEB is a Board composed of thirteen (13) members drawn from tutors of both public and private institutions, clinicians, Nursing officers, and MoES officials who served for a period of three years.

The training of health workers was identified to fall within the core business of MoES. The Nursing and Midwifery assessment is defined in the Business, Technical, Vocational Education and Training (BTVET) Act

**UNMEB cardinal objective is to streamline, regulating and coordinate examinations and awards for Nurses and Midwives in Uganda**

## UNMEB STRATEGY

### GOAL

To ensure that UNMEB operates as a reputable and efficient examination Board that graduates qualified and professional nurses and midwives serving the healthcare system.

### VISION

To be a benchmark Nurses and Midwives National Examination Board in East Africa.

### GOAL

To innovatively manage and administer quality examinations and awards for nurses and midwives in Uganda.

### PURPOSE

To enable UNMEB sustain its achievements as well as improve performance of its core mandate. The main focus is to ensure conduct of reliable examinations that effectively measure expected quality of nurses and midwives based on curriculum objectives.

## CORE FUNCTIONS

Professionalism, Commitment, Transparency, Efficient, Team-work, Client centered

## STRATEGIC OBJECTIVES

- Strengthening management of examinations and awards for nurses and midwives
- Strengthening the quality assurance system for examinations
- Strengthening capacity for research, monitoring and evaluation
- Strengthening leadership, governance, and management capacity of UNMEB
- Strengthening financial sustainability of UNMEB
- Strengthening national, regional and international collaboration

**The BTVET Act 2008  
gives the legal basis  
for the existence of  
UNMEB**

# PERFORMANCE OF NOVEMBER 2017 CANDIDATES

## Certificate Candidates

A total of five thousand and seven (5,007) Certificate candidates were presented for the November 2017 examinations compared to three thousand nine hundred and five (3905) candidates that were presented in November 2016, indicating an increase of one thousand nine hundred and twelve (1,912)(38.1%) candidates in November 2017. Performance of the certificate candidates is summarized table 1 ..... **Table I: Table showing Performance of Certificate Candidates for November 2017**

# UNMEB ACHIEVEMENTS SINCE AUGUST 2017

In line with the above UNMEB mandatory commitments, UNMEB has continued to innovatively and in a timely manner assess and ensure availability of employable Nurses and Midwives in Uganda. The following are milestones acquired since August 2017

- **Transition to a semester examination system**

As a response strategy to UNMEB engagements with Ministry of Education and Sports (MOES) technical team, the Board has ably adopted to the semester based assessment approach as recommended in the revised nursing and midwifery curricular. UNMEB will duly implement the revised examination syllabus starting June 2018. UNMEB examinations will be conducted every six months in all examination centres that will have registered candidates.

- **Revised subject combinations**

UNMEB has revised the subject combinations according to the benchmarks in the revised curricula. Its roll out will provide guidance to the training institutions and students during training and preparation for examinations.

- **Staff training in test item development**

UNMEB has undertaken deliberate steps to re-tool its Examination Officers in quality test item development. Seven staff were presented for a one week training conducted by Uganda National Examinations Board (UNEB) during the Association of Education Assessment in Africa (AEAA) conference at Silver springs Bugolobi. This will greatly improve the quality of assessment in the Nursing and Midwifery profession

- **Strengthening examination of soft skills**

UNMEB responded to the need to ensure that Nurses and Midwives have employable skills and the right attitude as recommended in the BTVET strategy. The Board therefore has made several innovative assessment proposals as follows:-

In order for the candidates to pay the required attention to the right attitude in nursing care, UNMEB will set independent test items on soft skills acquisition and practice.

All Test Items for practical examinations should have an embedded need for the candidate to articulate and display the required soft skills for each procedure.

With the successful implementation of the above, it is envisaged that the quality of nursing care will gradually be strengthened in all health facilities.

- **Re-design of UNMEB IT Systems**

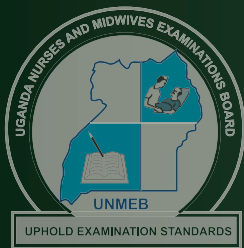

UNMEB is in the process of re-configuration of all its Information Technology (IT) systems to ensure compliance and smooth transition to the semester based assessment approach. Both the Online Student Registration System (OSRS) that is used by all Nursing and Midwifery training schools during registration and the Examination Management Information System (EMIS) that is used only by UNMEB Secretariat are undergoing review and will be ready for data migration by end of April 2018.

The re-designed UNMEB IT systems facilitate inclusion of models and formulae that facilitate capturing of the 40% progressive assessment scores generated from clinical assessment tools and continuous assessment activities. It will also permit addition of new subject paper combinations; strengthen the monitoring of enrollment and dropout rates, among others.

- **Issuance of transcripts**

UNMEB is in advanced stages of transiting from issuance of result slips to issuance of full transcripts to all successful candidates. The transcript will provide details of the candidates' progressive and final scores upon graduation. The issuance of transcripts will commence with the intake of November 2017 as this will be the pilot group

**UNMEB Acquired its permanent  
Home in the year 2017  
located on Plot 57, Ssebowa  
Road, Kiwatule**

# SCHOOL MANAGEMENT CALENDER OF HEALTH INSTITUTIONS

(BTVET CIRCULAR 2/2018HTI)

All Nursing and Midwifery Training Institutions are urged to observe full implementation of Nursing and Midwifery training calendar to ensure uniformity in the implementation of the nursing and midwifery curricula.

All schools should implement a semester system and also to be mindful of recess term of five weeks which is a must for all health professional education. This will ensure adequate time spent by students in clinical settings for practice. The Nursing and Midwifery calendar is presented in the table below;-

**Table IV; Nursing And Midwifery Training Calendar**

**UNMEB Transitioned to a semester Examination system Which caused change to mandatory registration dates as presented below**

## REGISTRATION DATES

### June Semester Examination

1st Feb - 2nd March

### Research Submission of June semester Examination

18th March - 18th April.

### December Semester Examinations

1st August - 2nd September

### Research Submission of December semester Examination

18th August - 18th September

The OSRS system automatically shuts down closes the registration session on the set deadline date. All late registrations attract a surcharge of 50% within one week and 100% after one week. Remember the system is self accounting and therefore compliance to deadlines is strictly recommended data after the deadline.

## MANDATORY EXAMINATION FEES

### State Final Examination Fees

- Diploma Level UGX 200,000
- Certificate Level UGX 150,000

### Promotional Examination Registration

UGX 120,000

### NSIN Number Registration

UGX 20,000

## ACCESS REGISTRATION FORMS ON UNMEB WEBSITE:

All candidates should fill Examination and NSIN registration forms before the school submits the names to UNMEB. the forms are stored at school until UNMEB requests for them.

To expedite access to registration forms, UNMEB has uploaded print ready registration forms for semester Examinations on its website.

School Administrators should endeavor to download the forms and issue them to candidates to facilitate the registration process.

The registration form is accessed through <https://www.unmeb.go.ug/publications>.

Registrars should make a print out of the registered candidates and share with students in case of any corrections in the spelling.

You are also encouraged to submit the information on time.

**As UNMEB positions itself to conform to the semester system, all its IT systems are under redevelopment all updates will be communicated**
